Monday-Sunday, 9am - 6pm

- **H2O Today** is a traveling Smithsonian exhibition that explores the beauty and essential nature of water, our planet's lifeblood. Through immersive content, interactives, and digital media, the exhibition explores the diversity and challenges of our global water sources, as well as Utah's unique relationship with water. What does water mean to you?
- Playing in the Frontier Homestead Theater, see **Water for our Future**, a short video from the Central Iron County Water Conservancy District focusing on the past and future of water in Iron County.
- **H2Oh How Miraculous** shows the wonders of water, its unique properties, and ways to conserve it!

Drop-in Family Activity | Water & Watercolor Landscapes with the Utah Museum of Fine Arts

Try your hand at painting landscapes and waterscapes that tell your water story. We will use water from natural sources, make our own watercolors, and see how salt makes special effects on our paintings.

Please check with the Museum for the latest on mask and social distancing recommendations. Thank you!

H2O Today is a touring exhibition created by the Smithsonian Institution and brought to you by Utah Humanities and the Frontier Homestead State Park. These events are part of *Think Water Utah*, a statewide collaboration and conversation on the critical topic of water presented by Utah Humanities and its partners.
