## ENJOY EXHIBITIONS & FREE ACTIVITIES IN BRIGHAM CITY!

- **Crossroads: Change in Rural America** is a traveling Smithsonian exhibition that provokes fresh thinking and sparks conversations about the future and sustainability of rural communities. At a time when much of rural Utah is reinventing itself, *Crossroads* takes a broad look at rural America and examines evolving landscapes and identities. Come find out how change has transformed rural America and how rural Americans are evolving for the future.
- **Rural to Rockets: Box Elder County Takes Off** is a local companion exhibit to *Crossroads* that explores the historic and ongoing impact of the aerospace industry in Brigham City and surrounding communities. Starting with explosive population growth in the late 1950s, the exhibit highlights the impact of the Promontory rocket facility on community, culture, and landscape. Visitors will learn about how local work went far beyond County limits, launching the United States into outer space.
- **Crossroads: Youth Art Showcase** features selected artworks from local K-12 students who were invited to reflect on change in their community.

**DROP-IN ACTIVITY | Utah Historical Society Scan & Share**

Want to preserve and share your history? Bring your photos, letters, recipes, and other historical materials that represent your past, your family, and your community in Utah. Items will be scanned (and the originals returned to you) and digital copies will become part of the Brigham City Museum Archive and the Utah Historical Society's *Peoples of Utah Revisited* online collection.

**JUNE 15, 2024**  
**2:00-3:00pm**

**WORKSHOP | Caring for Your Keepsakes**

Many of us have objects of deep personal significance in our homes, items such as books, artwork, military memorabilia, religious items, textiles, and of course photographs. Maybe they are on display in a china cabinet, stashed in an attic, or are something you use regularly. Whether handed down over generations, or the start of a new tradition, these items are treasures that we hope to preserve. Come learn some simple and inexpensive techniques that you can use at home to keep your heirlooms safe. Participants are encouraged to come with questions about the unique treasures in their households.
